

Homewatch CareGivers®

The Premier Home Care Provider

A FRANCHISE OPPORTUNITY

THAT GOES BEYOND FINANCIAL REWARDS

Innovative Solutions for Global Health Care

The evolving healthcare industry in the US is pushing consumers to international locations for treatment. State of the art facilities, US-trained physicians, and accredited procedures at a fraction of the cost make Medical Tourism the wave of the future.

As prices escalate, payor sources will soon start incentivizing this consumer trend. Our international footprint and our strategic partnerships with medical resources in the US and abroad make Homewatch International, Inc. a compelling end-to-end solution. We provide a premier continuum of care throughout the entire process. Our broad network provides patients through our established contacts and medical referral sources.

Widest array of services offered, providing care for people of all ages:

- Comprehensive Personal Care
- Backup Child and Elder Care
- Companionship Care
- Temporary Staffing
- Transportation
- Telehealth: Remote Monitoring with CareLink®
- Care Management

GLOBAL HEALTHCARE INFLUENCES

- The world's increasing elder population requires global solutions
- Escalating healthcare costs
- Educated payor sources are becoming more motivated to find a solution
- Increasing presence of state-of-the-art, JCI-accredited medical facilities are flourishing around the globe

THE SUCCESS TO MEDICAL TOURISM REQUIRES AN END-TO-END CONTINUUM OF CARE:

- Before travel vitals
- Before travel home safety check
- After procedure care
- After travel follow-up and care
- End-to-end exchange of information
